CARE
Privacy Panels are made of 100% Polyester fibers and are tough as a result. Use warm soapy water to blot out a spill. Use a lint roller or tape to pick up any dust or debris. The material is pliable, so go ahead and pin up that list of to-dos or favorite cat pic.

WARNING/DISCLAIMER
Heads up, daredevils! Failure to follow these installation instructions can result in product failure, personal injury, or property damage.

We recommend performing an annual check up on your Desk System. Ensure that all Clever Levers are fully engaged and that all beam ridges and connector ridges are flush against the leg frame. If these conditions are not met, cease using the furniture until corrections are made.
