INSTALLATION INSTRUCTIONS

Included in the box:

2 HANGERS

2 SCREWS
not needed for
Raise Installation

CABLE HIDEAWAY

INSTALLATION

1. Twist the hideaway hangers into the Raise desk top chassis.

2. Space the hangers apart to align with the attachment points on the Cable Hideaway.

3. Clip the back half of the Cable Hideaway onto the hangers, then clip the front half. Unclip one side when you need to access your cords and cables.
