Position the work surface at any height between 29" and 48"

The 2-stage legs allow for an essential range of heights

Electronic control handset allows the desk to move quickly and quietly

SERIES L 2S ADJUSTABLE HEIGHT SINGLE DESK

The Series L 2S Adjustable Height Standing Desk is the 2-stage Sit/Stand solution for the modern workspace. Designed to provide an essential range of heights, it allows you the flexibility to transition from sitting to standing in seconds. With thoughtful details and modern design, it fits seamlessly into the rest of the Poppin Furniture collection...and it also stands on its own.

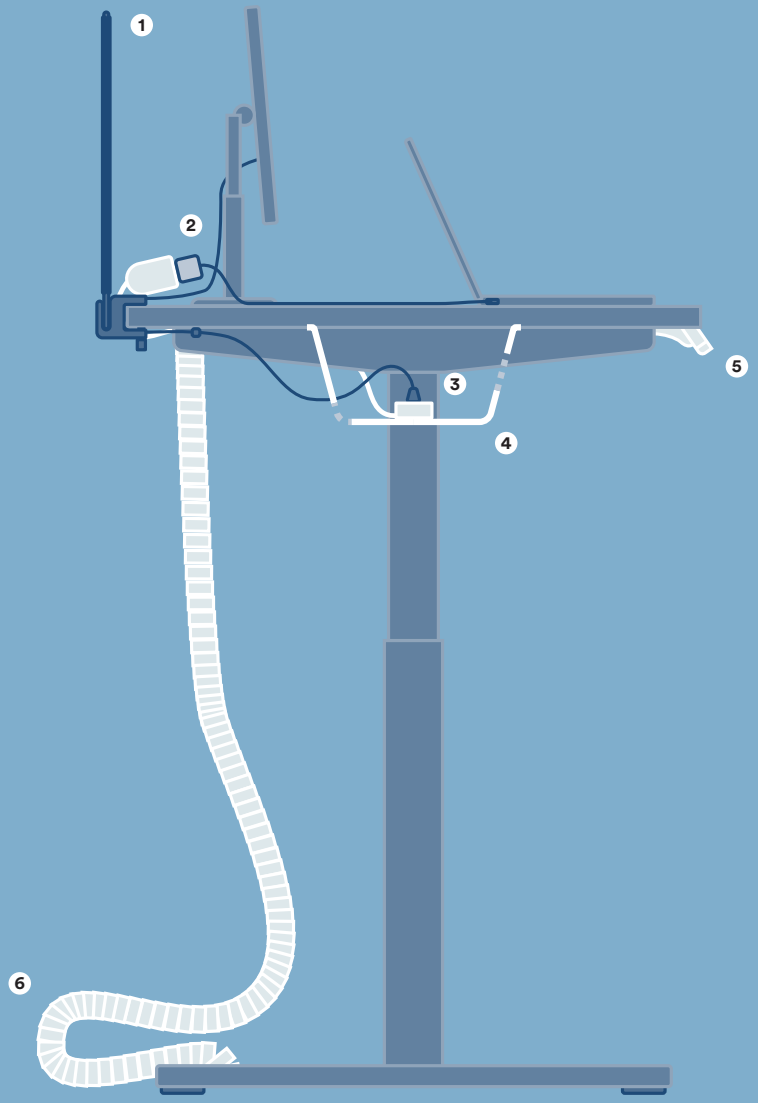

Bells + Whistles

- The electronic control handset positions the Series L 2S's work surface at any height between 28" and 47" to get your keyboard at the optimal ergonomic level
- The core range of motion supports multiple uses, from short table to standing desk for someone up to 6'1"
- With electric legs traveling at 1.4" per second at a noise level below 50dB, you can quickly and quietly move up and down
- Desk bases can support and lift up to 250 pounds
- Simply plug the desk base into a standard 15A outlet
- Leave your latte: the laminate tops are stain-resistant and easy to clean
- The Series L Desk System has achieved Indoor Advantage Gold Certification
- Meets the durability standards for the commercial office industry (BIFMA)
- Designed by Poppin in NYC

PRIVACY + POWER

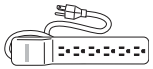

From integrated power systems to cable management solutions, our Series L accessories let you customize your standing desk to meet all the needs of busy teams.

1. PRIVACY + MODESTY PANELS
Find more personal space in the open office with our pinnable or translucent Privacy and Modesty Panels.

2. POWER POINTS OUTLET
Add outlets at your fingertips for full power and USB charging whenever you need it. Clamp it to the desk edge and plug into the 4-Trac Electrical System (sold separately) installed in the Power Tray.

3. POWER STRIP
A power strip minimizes the number of power cords extending from the desk surface into the Power Tray, ensuring less mess and risk of entanglement as the desk moves. Mounting screws included.

4. SERIES L CABLE HIDEAWAY
Designed to fit under our Series L Desk Top, the Cable Hideaway is an elegant way to reduce visual clutter and hide all your loose cables. Mounting screws included.

5. MEMORY CONTROL HANDSET
Upgrade your Series L 2S handset to a digital LED display with four memory buttons to program your preferred heights.

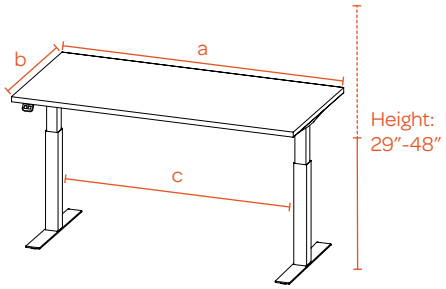

6. CABLE MANAGEMENT COLUMN
Our Cable Management Column is designed to channel multiple cables to create a clean look and minimize cord clutter. The column works best with Series L Single Desks and the Series L Corner Desk.
