*Adjust the seat depth and height to your needs*

*Taut elastomeric mesh is made to last over time*

*The dynamic tilt self-adjusts to your own weight*

*Ergonomically located levers (so you're not fumbling)*

## MAXWELL TASK CHAIR

The Maxwell Task Chair is made for both tall and small (and everyone in between). Bodies of all different shapes and sizes will find long-lasting comfort while they work. Whether the height or depth of the seat, the tilt of the backrest, or the position of the armrests, practically everything is adjustable so that Maxwell can be your number one support system. The simple and sleek design makes it great for conference meetings at the office or as your desk's throne at home. You know what they say: If the chair fits...

### Bells + Whistles

- The curved backrest provides excellent support from lumbar to shoulders with its taut elastomeric mesh
- Designed to accommodate wide bodies and small, the seat is made of supportive molded foam covered in durable, brushed fabric
- The dynamic tilt mechanism self-adjusts to your body weight, providing just the right amount of resistance when you want to kick back and recline
- 14° recline with two tilt lock settings (quick mid-day snooze, anyone?)
- 4.5" height range (for long and short legs)
- 2.5" seat depth adjustability (plenty of lap room for your pup)
- Angled levers are ergonomically poised for accessible adjustment
- Easy-rider casters are suitable for hardwood or carpeted floors
- Padded armrests move up and down for ergonomic comfort
- Rated to support up to 300 lbs
- Maxwell has achieved Indoor Advantage Gold Certification
- Meets or exceeds BIFMA's standards for office furniture
- Designed by Poppin in NYC
