

Boom Power Rail + Privacy Panel

Multiple configurations allow you total freedom over your floorplan

Our Boom Privacy Panels dampen sound and minimize visual clutter in the open office

Power can be accessed on both sides of the rail

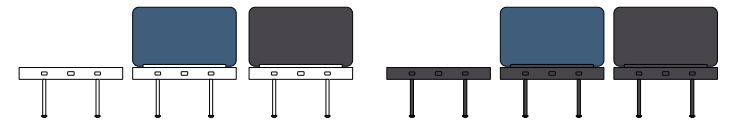

BOOM POWER RAIL + PRIVACY PANEL

Our Boom Power Rail allows you to move your desks exactly where you want them. By bringing power to any spot in your space, you have complete freedom over your floorplan. Compatible with Series A Single Desks, Series L Single Desks, and even our Block Party and QT Lounge system.

Bells + Whistles

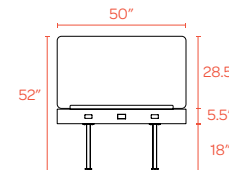

- Our Boom Power Rail is designed to work with Byrne's best-in-class 8Trac power system, which includes four circuits. Professional installation required
- Each Boom Power Rail provides eight 15amp plug points
- Includes an additional opening for installation of data and video plug options, including Cat6 or HDMI (or it can be capped closed)
- Use with or without Boom Privacy Panels (sold separately)
- Privacy Panel clips can be removed if not using Privacy Panels
- Can be used to power any desk or workspace
- Meets the durability standards for the commercial office industry (BIFMA)
- Designed by Poppin in NYC

Face-to-Face

Ideal for a small footprint, this setup allows you to seat your team in pods for easy communication.

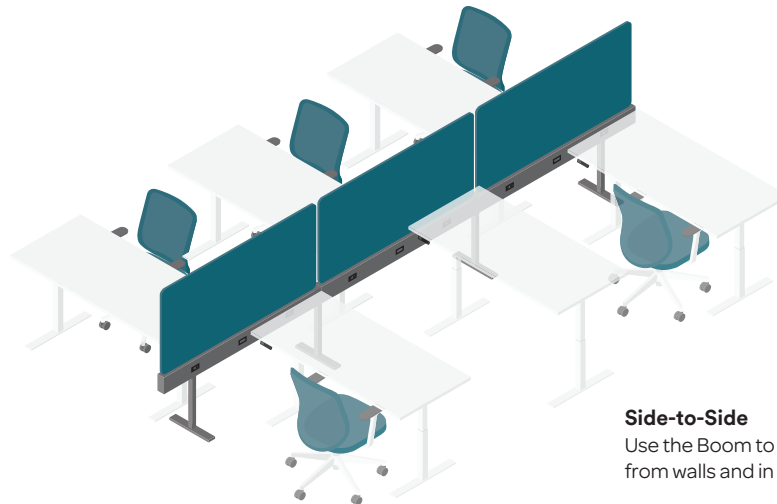

Breakaway

Use our Boom Power Rails to create a powered-up breakaway space for casual meetings.

Corner

Series A or Series L Corner Desks allow you to give your teammates a little extra leg room.

Side-to-Side

Use the Boom to free-float a pod of desks away from walls and in the middle of an office space.
